

# ADAPTERS FOR CAR RADIO LOCATION

Un'azienda hi-fi car che si rispetti, deve presentare nel suo catalogo anche gli accessori per effettuare una corretta installazione. Gli accessori, progettati in modo sapiente, possono risolvere innumerevoli problemi tecnici, facendo risparmiare all'operatore tempo e denaro.

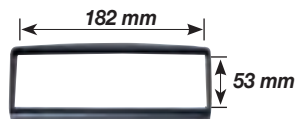

*Any respectable Car-Hi-Fi-Manufacturer is supposed to have a catalogue including all necessary installation accessories. Well-studied accessories can, in fact, resolve a great number of technical problems, with consequent time and money-saving effects for the installer.*

Le programme de production d'un vrai constructeur de hifi embarquée doit, nécessairement, faire face aussi aux accessoires qui sont indispensables pour effectuer l'installation de manière correcte. Si les accessoires ont soigneusement été développés, ils peuvent, en fait, résoudre un grand nombre de problèmes techniques, avec un gain de temps et d'argent pour l'opérateur.

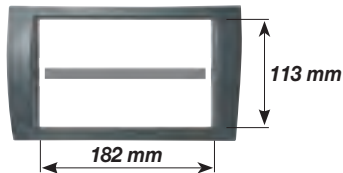

*Von einem professionellen Hifi-Hersteller erwartet man, dass seine Produktpalette auch das Zubehör beinhaltet, um eine perfekte Installation durchführen zu können. Mit gewissenhaft entwickeltem Installations-Zubehör lassen sich viele technische Probleme ausschließen.*

Una empresa hi-fi car a la vanguardia, tiene que ofrecer en su catalogo también los accesorios para efectuar una correcta instalación. Los accesorios proyectados con conocimiento pueden resolver innumerables problemas técnicos, haciendo ahorrar al utilizador tiempo y dinero.
